*What separates us from any other organization is that we are providing a game plan and strategy to UNITE and teach Conservatives, Christians and Capitalists to work together to get more people informed and engaged in the political process. Uniting and working with all: **We are focused on doing three things:***

1. Encouraging the church, the saints, and the children of God to take time daily and PRAY for America and our leaders. Pray for God to help us unite to take back our nation to His purpose.  
***The Great Commission: Matthew 28:18, Mark 16:15-18, John 21:15-19***
2. Register new voters and encourage more Americans to go out to vote in every election after they have educated themselves on the issues and candidates.
3. Step up and engage by becoming a working member. Start by informing and educating yourself by taking the [Eagle Seminar](#) and plugging into the FQA recommended resources.  
Take control of your destiny and learn how to protect your Economic, Political & Religious Freedom!

### **All this starts by implementing the Simple Easy to do “SGS 7 Plan”:**

*If each Patriot commits to just 21 minutes a day we can multiply this to millions of hours of working effort.*

- 7 Pray for America and our leaders 7 minutes per day (part of your current prayer and study time)
- 7 Reach out to at least 3 to 7 people per day from your contact list. Follow example of a 57 second phone call to friends, family and contacts (cell, email, Facebook, etc.) **Send out the 17 min. intro video.**
- 7 Follow up with the people who promised to get back with you the day before. (REPEAT PROCESS)

***If the church cannot rise UP and UNITE, work together and invest 21 minutes per day then this nation is lost! For we are the salt of the earth and the light of the world and it is up to us! It starts with YOU and ME!***
